

*Indoor Air Quality Options For Healthier Living
Add Value To Your Home*

Perfect Air™ Purifier

Is designed for use in the return air duct of a forced air heating, cooling, and ventilation system. The Perfect Air™ Purifier both captures and kills airborne viruses, bacteria, mold spores, and allergens. It combines superior filtration efficiency, with pathogen-killing technology to deliver maximum air purification.

Humidity Control

Bryant's whole house humidifiers provide needed moisture in winter months. Proper humidity control can eliminate static electricity and dry skin while protecting valuable home furnishings.

Housewise™ Thermostat

Monitor and customize the energy and comfort settings of your system. Save an average of 20% on heating and energy costs.

Even when you do nothing, the Housewise thermostat makes energy-savings decisions for you with the Smart Recovery feature to optimize your standard system's performance.

Bryant Media Filter

Traps dust, pollen, molds, tobacco, smoke, grease, soot, bacteria and animal dander to provide cleaner, fresher air that is free of airborne pollutants and irritants regardless of season.

Also: gas, oil, hot air, hot water, geothermal systems are available

Fine Line Homes ensure's your investment in home comfort by selecting Bryant as the brand of choice for their homes. Professional consultation, sizing, design, and installation by Fisher's Plumbing, Heating & Cooling provides further peace of mind. Fisher's Plumbing, Heating & Cooling, has

been installing and maintaining Bryant home comfort systems in the upscale homes of this area for years. The company is known and respected for its high standards of workmanship and old-fashioned values. You can be assured that your entire system, from the duct work and wiring to perfectly matched components, controls, and accessories, is right for your new home and your family's comfort requirements. Fisher's Plumbing, Heating & Cooling stands behind every system installed, and will be available year 'round, 24-hours a day to meet your family's comfort needs.

Bryant Heating & Cooling Comfort Options:

Preferred Package (Standard)

Model 225BNA Heat Pump with FV Fan Coil

- Up to 15 SEER energy efficiency
- Quiet smooth-operating comfort
- DuroGuard™ protection package
- Scroll Compressor
- 10-year compressor and parts warranty*

- Non-Programmable Thermostat Control

Model FV4B Variable Speed Fan Coil

- Maximum system efficiency (increased SEER)
- High efficiency, variable speed blower motor (ECM) with communicating technology
- Warm, comfortable heating air temperatures
- Ultra low power consumption during fan only operation
- Unmatched humidity control
- 5-year parts warranty

Preferred 226 Package

Model 226BNA Two-Stage Heat Pump

- Up to 16.5 SEER energy efficiency
- DuroGuard™ protection package
- Sound level as low as 70 dBA
- Scroll Compressor
- 10-year compressor and parts warranty*

- Preferred Series Programmable Thermostat Control

Model FV4B Variable Speed Fan Coil

- Maximum system efficiency (increased SEER)
- High efficiency, variable speed blower motor (ECM) with communicating technology
- Warm, comfortable heating air temperatures
- Ultra low power consumption during fan only operation
- Unmatched humidity control
- 5-year parts warranty

Evolution Package

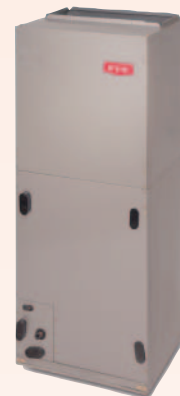

Model 286BNA Two-Stage Heat Pump

- Up to 19 SEER energy efficiency
- DuroGuard™ protection package
- Sound level as low as 66 dBA
- Microtube Technology™ refrigeration system
- 10-year compressor and parts warranty*

- Evolution Connex Control with/without Wi-Fi.

Model FE4A Communicating Fan Coil

- High efficiency, variable speed blower motor (ECM) with communicating technology
- Increases system efficiency for high SEER performance
- Warm, comfortable heating air temperatures
- Ultra-low power consumption during fan only operation
- Unmatched humidity control
- 5-year parts warranty

Evolution Extreme Package

One of the worlds most efficient and quiet heat pumps, delivering reliable cost saving comfort with more features.

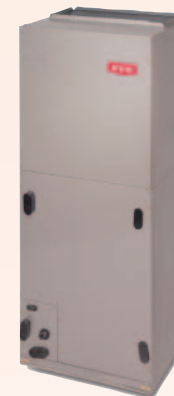

Model 280ANV Variable Speed Heat Pump

- Up to 20.5 SEER energy efficiency
- DuroGuard™ protection package
- AeroQuiet System
- Sound level as low as 58 dBA
- 10-year compressor and parts warranty*

- Evolution Connex Control with/without Wi-Fi.

Model FE4A Communicating Fan Coil

- High efficiency, variable speed blower motor (ECM) with communicating technology
- Increases system efficiency for high SEER performance
- Warm, comfortable heating air temperatures
- Ultra-low power consumption during fan only operation
- Unmatched humidity control
- 5-year parts warranty

Hybrid Heat Package

HYBRIDHEAT™ With today's volatile utility costs, Hybrid Heat Systems deliver exceptional performance utilizing multiple energy sources, delivering maximum comfort & economy.

Model 286BNA Two-Stage Heat Pump

- Up to 19 SEER energy efficiency
- DuroGuard™ protection package
- Sound level as low as 66 dBA
- Microtube Technology™ refrigeration system
- 10-year compressor and parts warranty*

- Evolution Connex Control with/without Wi-Fi.

Model 987MA Variable-Speed, Fully Modulating, Condensing Gas Furnace

- Up to 97% AFUE energy efficiency
- Furnace designed for natural gas use
- Perfect Heat® Perfect Humidity® technology
- Highly efficient multi-speed blower motor
- Fan on Plus™ constant fan speed selectable from thermostat
- SmartEvap™ technology for lower humidity
- External Media Filter Cabinet
- Limited lifetime warranty on heat exchanger, 10-year on parts*

* Systems must be registered with Bryant within 90 days after settlement of your new home to qualify for the enhanced 10 year compressor and parts warranty, excluding labor cost.
